Inkling Books, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Ah, if only a hospital stay were as much fun as playing doctor was as a child, then everyone from patients to doctors and nurses would be much happier. Students have similar feelings. There s a book for everything else, they say, there should be one teaching us how to handle embarrassing situations with confidence and skill. This is that book. It s realistic, well aware that hospitals are not five-star hotels. But it insists that, with the proper understanding, embarrassment can be much reduced, resulting in more comfortable patients and staff. It s also an excellent textbook for students. And if you re a patient, you might offer it as a gift to your caregivers.
