These kinds of book is every thing and helped me hunting forward plus more. It is probably the most remarkable book we have read through. It is extremely difficult to leave it before concluding, once you begin to read the book.

Brand New Book ***** Print on Demand *****.It should have been a simple job. All archaeology student Jane Barnaby had to do was pick up a box her professor needed and deliver it to him at his dig site, along with his new car. Yes, his office was in Oxfordshire, and his dig site was in Spain, a trip of 1,400 miles across three countries and two bodies of water. Still, it should have been simple. And it was, until Jane discovered she picked up the wrong box by mistake. Not the one with boring pottery samples, but instead the one with priceless ancient Egyptian artifacts. The one that a team of international art thieves is after. Now shes chasing and being chased by the thieves. And shes picked up a pair of passengers who claim they can help her outwit them, get her professors pottery back and return the artifacts to their rightful owner. If only she could figure out which one of them is working with the thieves and which one she can trust in this high-stakes game of finders keepers.
