MELANIE: THEY SAY, I SAY (PAPERBACK)**DOWNLOAD**

AUTHORHOUSE, United States, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.I graduated with an Associated Degree, majoring in Civil Engineering. Most of my courses were in Physical science and Mathematics. Books that I have read were about sciences written by renowned authors: Isaac Asimov, Carl Sagan, etc. I enjoyed reading, writing poems, playing chess, intellectual conversations. I have four children and a very supportive spouse. During my college life 0/0 was always undefined. I kept in my mind. Some mathematician friends of mine tell me 0/0 is infinite. This book provides some thought-provoking about 0/0, 1/0 and my own version of the Theory of Everything. The thought of Symmetrical coordinates were in my mind ever since I realized that the Cartesian Coordinates were asymmetrical. Everything has an opposite reaction according to the Bible. This book tells about the moment the Four forces of nature: Electromagnetic, strong nuclear, weak nuclear, and gravity forces exploded in an instance (singularity) This theory that I made is my own version of the Theory of Everything: $8 = 8X?$ since $X? = 1$ God exists Therefore $8-8 = 0$ in the beginning Every six thousand years civilization disappears -Hyperborean, Lemurian, Atlantian. From Adam and Eve to the present time were presented using both types of coordinates. Lots of amateurs in many field had ideas and proved to be right. I hope mine are another surprised one.
