

Plasma Polymerization of Fluorocarbons and Polymer Surface Modification

Filesize: 1.92 MB

Reviews

*This publication will never be effortless to get started on reading through but very fun to read. It is actually loaded with knowledge and wisdom You will not truly feel monotony at anytime of the time (that's what catalogues are for about in the event you check with me).
(Marlin Bergstrom)*

PLASMA POLYMERIZATION OF FLUOROCARBONS AND POLYMER SURFACE MODIFICATION

To download **Plasma Polymerization of Fluorocarbons and Polymer Surface Modification** PDF, you should refer to the hyperlink listed below and download the ebook or get access to other information that are have conjunction with **PLASMA POLYMERIZATION OF FLUOROCARBONS AND POLYMER SURFACE MODIFICATION** book.

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Plasma Polymerization Behavior of Fluorocarbons in AC Discharges and Plasma Surface Modification of Polymers | Plasma polymerization of fluorocarbons was investigated and compared to hydrocarbons. In fluorocarbon discharges, the plasma phase does not contain much polymer-forming species and the monomer deficient domain shifts to low W/FM and low GR/FM. The differences are attributed to the nature of fluorocarbons and the locations of the dissociation glow. In the second section, surface modification treatments were performed on seven polymers using low temperature cascade arc torch (LTCAT) of Ar with or without adding reactive gas of O₂ or H₂O. Static and dynamic surface characterization techniques were used to examine changes in wettability and surface stability and surface degradation. The surface stability induced from Ar LTCAT treatments was attributed to the CASING effect (cross linking via activated species of inert gas). Addition of O₂ or H₂O into Ar LTCAT resulted in greater wettability, but enhanced oligomer formation, which was more pronounced with H₂O. The surface oligomer formation is attributed to alkoxy degradation reactions and enhanced chain scission. | Format: Paperback | Language/Sprache: english | 266 gr | 220x150x10 mm | 188 pp.
