Reviews

A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.

(Adrien Robel)

TEACHERS IN TROUBLE AN EXPLORATION OF THE NORMATIVE CHARACTER OF TEACHING

University of Toronto Press, Scholarly Publishing Division. Paperback. Condition: New. 352 pages. Dimensions: 9.0in. x 6.1in. x 1.0in. The teacher who has an affair with a student. The teacher who is a transvestite. The teacher who advocates personal beliefs. These are teachers in trouble. Their behaviour, whether it occurs in the classroom or off the job, offends the community and brings down censure from the school board. At root, schools are cultural institutions and teaching, a cultural activity. Teachers are expected to shape students according to accepted community norms. They interpret and apply curricula - and can divert curricula from their intended purpose. Teachers are at the eye of the vortex in the struggle for control over education, buffeted by the forces of social change and conflicting public expectations. The authors of this book examine how teacher conduct is monitored and what types of misconduct can produce social dramas. Boards of reference have been established to arbitrate disputes between school boards and teachers who are dismissed. Drawing on the decisions of these boards of reference across Canada, the authors identify normative issues and propose a classification scheme for contentious behaviours. Teachers in Trouble poses fundamental questions about the role of teachers in society. It is an invaluable guide for teachers and professional organizations, education administrators, and members of the community who are concerned about ethics in our schools. This item ships from multiple locations. Your book may arrive from Roseburg, OR, La Vergne, TN. Paperback.
