Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Mental Status of Rural School Children: Report of Preliminary Sanitary Survey Made in New Castle County, Delaware, With a Description of the Tests Employed At the request of the Delaware State board of health, State board of education, and Cooperative Educational Association, the United States Public Health Service undertook a sanitary survey of the rural schools of New Castle County, including the mental status of the school children. This survey is part of a series of cooperative investigations of educational, health, and sociological conditions in the State of Delaware by the Public Health Service, the National Bureau of Education, the Children s Bureau, and other agencies. In order to supply certain data desired by the Children s Bureau in their investigations, the mental survey herein reported was conducted preliminary to the general survey. It continued from January 6 to May 1, 1916. During this investigation 3,793 children were studied. Of these, 19, or 0.5 per cent of the total, were found to be de nitely feeble-minded and in need of careful supervision or institutional treatment....
