

Unspeak: Words Are Weapons (Paperback)

By Steven Poole

Little, Brown Book Group, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book. Unspeak is language as a weapon. Every day, we are bombarded with those apparently simple words or phrases that actually conceal darker meanings. Climate change is less threatening than global warming ; we say ethnic cleansing when we mean mass murder. As we absorb and repeat Unspeak we are accepting the messages that politicians, businessmen and military agencies wish us to believe. Operation Iraqi Freedom did more than put a positive spin on the American war with Iraq; it gave the invasion such a likeable name that the American news networks quickly adopted it as their tagline for reporting on the war. By repackaging the language we use to describe international affairs or domestic politics, Unspeak tries to make controversial issues unspeakable and, therefore, unquestionable. In this thought-provoking and important book, Steven Poole traces the globalizing wave of modern Unspeak from culture wars to the culture of war and reveals how everyday words are changing the way we think.

Reviews

The most effective ebook i possibly read. it was actually writtern quite completely and useful. I am just very happy to tell you that here is the best publication we have read through during my individual daily life and could be he greatest publication for possibly.

-- **Kennith Nicolas**

Complete guideline! Its such a excellent read. This really is for all who statte there had not been a worth studying. It is extremely difficult to leave it before concluding, once you begin to read the book.
