Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. It could be the most controversial book ever written on the subject of cancer. They say that there are no accidents in life. Even a random stranger might have a message for you that is life-changing. This is what happened to author Evita Ramparte, who tells her fascinating and inspiring story in a way that might also change your life! The Bliss of Cancer is about turning what some may think of a dire curse--a diagnosis of cancer--into the best thing that ever happened to you, as it forces examination of the cause of the disease, and the subsequent releasing of every toxic element in your life (physical, emotional, mental and spiritual)--thus learning to live in a whole new way, a blissful way. This book asks the questions: What if cancer is an opportunity for you to heal yourself and change the world? What if you can walk away from the traditional protocol of surgery, chemotherapy and radiation, and heal without the horrendous side-effects of this toxic assault on your body? And what if using the techniques the ancients knew about non-harmful methods of healing offered benefits so profound that you might one day bless the cancer that opened your eyes and your mind to the best way to be alive? Independent European journalist Evita Ramparte cured her ovarian cancer naturally, lost weight and became an icon of health, wellness and natural beauty through holistic practices of cleansing, detoxing and healing. It has awoken her into world leadership and now she is awakening you. Read her highly entertaining and personal story, discover her simple secrets and apply them in your lifestyle. Today!.
