Taylor Francis Ltd, United Kingdom, 2007. Paperback. Condition: New. New. Language: English . Brand New Book. As the USA's domination of world affairs meets ever-widening international resentment, this revealing interrogation of America's global footprint explores the complexities of its impact on the world. Covering a wide range of topics - from Wall Street to the War on Terror - The State of the American Empire traces the USA's attempts to balance national interest and global responsibility. It measures America's true effect on world trade and security, locates sites of resistance and levels of antagonism, and, looking ahead, considers the sustainability of its imperial role. With full-colour maps and graphics, this is an essential resource for understanding America's power around the world.
