This charming illustrated non-fiction picture book takes you on an amazing journey through the world of bees. Bees are incredibly industrious, brilliant at building, super social, and - most importantly - along with other insects, they are responsible for a third of every mouthful of food you eat! The Bee Book is perfect to teach children age 5 and up all about our fuzzy little friends, how much they matter, why they are declining, and what we can do to help. This dazzling celebration of bees is lavishly illustrated by the talented up-and-coming author and illustrator Charlotte Milner. Children will be fascinated by beautiful pictures and buzz-worthy facts covering types of bee, bee hives, colonies, pollination, making honey and more. Meet the humble honey bee face-to-face: nature's hardest worker, and so much more than just a provider of honey in a picture book you will treasure forever.
