*Excellent electronic book and valuable one. We have read and so i am sure that i am going to likely to study again once more in the foreseeable future. I am just happy to inform you that here is the very best book i have read during my personal lifestyle and might be he greatest book for possibly.*

## THE CAMBRIDGE COMPANION TO THOMAS REID

Condition: New. Widely acknowledged as the principal architect of Scottish common sense philosophy, Thomas Reid (1710-96) is increasingly recognised today as one of the finest philosophers of the eighteenth century. Combining a sophisticated response to the sceptical and idealist views of his day, Reid's thought stands as an important alternative to Humean scepticism, Kantian idealism and Cartesian rationalism. This overview of Reid's output covers not only his philosophy in detail, but also his scientific work and his extensive historical influence. Easily the best guide yet to Reid's thought as a whole. Every aspect of Reid's philosophy is covered, from his epistemology and account of perception, through his studies of testimony and memory, to his theory of action and his moral philosophy, and further on still to his philosophy of religion and philosophy of art. TIMES LITERARY SUPPLEMENT.
