Christian Faith Publishing, Inc., 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. We, the human race, are creatures of faith. We base the living of our lives on some set of beliefs that we take as the bottom-line foundations to answer to the questions of why we are here and how to live successfully while we are here and hereafter. Okay, here is the basic question. Did God create the universe pretty much as we see it today in seven calendar days as the scripture tells us? If so, did it all happen less than 7,000 years ago as creationist theologians, scholars, historians, and scientists say it did? Or, as modern science has been telling us for years now, did it all start with a big bang billions and billions of years ago and slowly evolve to its present state complete with modern man? If that s true, did God have anything to do with it? What is there to make us think He is even there? Evolutionist theory is, at its heart, atheistic. It explains why there is no reason to believe in God. Yet millions of people who would shudder at the idea that they are atheistic are nonetheless confused. Modern culture is so steeped in the assumption of a universe billions of years old that many cannot be completely convicted of its falsehood. They are stuck in the middle, trying to embrace both a belief in God and accommodation of an idea virtually antithetical to God s existence and the truth of the scripture. Sadly, this conundrum infects a sizeable segment of the modern church not wanting to appear naive in the face of the evidence. Time then for a hard look at the evidence. Did dinosaurs and dragons really...
